Parent Volunteer Registration

In order for the swim season to run smoothly we need your help! It takes many hands on deck to help things run efficiently. Parents are responsible for the annual registration fee and participating in an annual service option. Registration will not be accepted without both the required registration fee and selection of a service option. Volunteers are needed to ensure that swim meets can run smoothly. Please circle two dates that you will be able to volunteer. Please also select two positions you would be comfortable helping with.
