**Good morning soggy Tuesday...one more day of this! Makes you want to stay in bed with a cup of tea, read a book, and take a nap. LOL. There's plenty of time for that. Better idea is to participate and come on down to our senior center, where the sun is always shining.**

**Free Covid Tests - Our government is again providing free covid tests to those who are interested in obtaining. Unfortunately, numbers are going up again with positive cases, but the good news is that it's not the Covid that we had before. Just be aware it's around. If it's a sniffle, test it out. You'd be surprised if you think it's a minor cold or allergies that it turns out to be Covid. Again, the good news is that it's seemingly not too bad.**

**Nonetheless...stay safe this fall and be aware!**

**Below is how to get your tests:**
